FIFTY-THIRD CONGRESS.

Warnishton, April 15-minate. The great feature of the sense Towaday was the snowth of Senator Mills them. Year, including general debate on the tartifful. He spoke the ra little cest two and a batt hours in his usual forevent and impassioned style, and was innoured with a very attentive bearing on the part of the many senators and crowded gallories. He did not think the bill perfect, but it should be passed. The should perfect, but it should be passed. The should perfect, but it should be passed for the traditions of the speech was the most of fective and the most calculated to attract attention. In it he declared openir his contempt for the traditions of the senate on far as endless debate and the right of obstruction were concerned, and said that if the forty-four democratic senators had the same purpose at he cratic senators had the same purpose at he had, and if there was a forty-fifth concern to the chair, the senate would pass the bill in less than forty-sight hours. House-No business of importance trans-
